#### **About the Special Operations Warrior Foundation**

The Special Operations Warrior Foundation (SOWF) began in 1980 after the daring attempt to rescue 53 American hostages in Iran, which ended in tragedy when a helicopter and C-130 aircraft collided. Eight souls were lost and they left behind 17 children. A battlefield promise to take care of those 17 children has become the noble cause of the Special Operations Warrior Foundation. The Special Operations Warrior Foundation ensures full financial assistance for a post-secondary degree from an accredited two or four-year college, university, technical or trade school, as well as family and educational counseling, including in-home tutoring, to the surviving children of Army, Navy, Air Force and Marine Corps special operations personnel who lose their lives in the line of duty. The foundation also provides immediate financial assistance to severely wounded and hospitalized special operations personnel. The Special Operations Warrior Foundation has provided scholarship grants to over 1,000 children, who survive over 900 Special Operations personnel who gave their lives in service to our country.
